DETAILED ACTION

Election/Restrictions

Applicant's election without traverse of claims 1-15 in the reply filed on 11/9/07 is acknowledged.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-15 are rejected under 35 U.S.C. 102(b) as being anticipated by GB 2372433 (Howes).

The GB patent discloses a rigid container 205 having a closure 210 closing an outlet and an actuator means 212,214 for moving the closure 210 from a closed position and open position (see figures 3,4,5). The closure is capable of being positioned between an open and closed position.
